Our happy design partners have said:

- ❖ *"I've stayed away from outsourcing work like this in the past due to some bad experiences with vendors being unreliable and pissing off my clients. You went above and beyond my expectations. You made my client extremely happy and you were a pleasure to deal with. There's no question I will be sending more clients your way. Thanks a ton for doing an outstanding job."*
–A. Karaptis, Valve Media
- ❖ *"Deidre is an excellent, web-savvy writer. She puts my clients' ideas into words – in a language that is easy to read, concise, and speaks directly to their audience."*
–N. McCullum, Captivate Designs
